Subject: Notice Closure, Terra Resources, LLC, Pine Springs/Clarks Basin Mine,
S/003/0053, Box Elder County, Utah

Dear Mr. Sagers:

On August 31, 2004, the Division conducted an inspection of your Pine Springs/Clarks Basin Mine. At this time, it was determined that the reclamation work had been completed and that the reclamation standards had been met. At that time, the Division discussed file closure with you. You had indicated that you were assembling a plan that would be submitted in the near future to the Division and Forest Service to re-open this mining operation, and requested the Division keep the file open. The permit fees were also paid. To date, we have not received this new plan. The annual permit fee of \$150 for this site has not been remitted.

Since your reclamation responsibility with this project has been completed, the Division hereby closes this Notice and releases you from further reclamation responsibility at this site. The Notice maybe kept open if you, within 30 days:

If you have any questions or concerns regarding this action, or wish to appeal the Division's decision to close this Notice, please contact me at (801) 538-5258 or Lynn Kunzler at (801) 538-5310. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

Susan M. White
Mine Program Coordinator
Minerals Regulatory Program
